Green Capital Advisors Ltd. Appoints Peter Michael Jones as Managing Director

Green Capital Advisors Ltd (GCA) is pleased to announce the appointment of **Mr. Peter Michael Jones** as its new Managing Director. Mr. Jones assumed his position on February 22, 2010 and will be based out of the United Kingdom. Mr. Jones has also been appointed as a Senior Associate of International Financial Consulting Limited, a sister company of GCA.

Ms. Diana Smallridge, Chairman of Green Capital Advisors and President of International Financial Consulting Ltd. expressed her delight on the appointment of Mr. Jones. "Mr. Jones will provide the leadership essential to the development and expansion of Green Capital Advisors as a leading consultant and advisor in the important field of environmental finance, climate change and renewable energy, as well as strengthening the experience and skills of International Financial Consulting", she said.

Mr. Jones was most recently the Chief Executive Officer of the African Trade Insurance Agency in Nairobi, Kenya from 2006 to 2009, before retiring for family reasons. He had previously been with the Multilateral Investment Guarantee Agency (MIGA) in Washington D.C. as Head of Reinsurance and Insurance Operations Support. Prior to joining MIGA in 1999, Mr. Jones held several positions with the Export Development Canada (EDC) (in Ottawa). A banker by profession, Mr. Jones has worked with Canadian Imperial Bank of Commerce (CIBC), London; Grindlays Bank/ Australia & New Zealand, London; Chemco International Leasing Inc, Toronto & Hong Kong; and Bank of Montreal, Toronto. Mr. Jones is a Fellow of the Institute of Chartered Secretaries and Administrators. He successfully completed the World Bank Group's Executive Development Program at Harvard Business School, Cambridge, MA in 2000.

GCA provides advisory services in three main areas: projects; programs; and policy.

For projects, GCA helps renewable energy and clean-tech firms develop investment-ready business plans and identify financing options. GCA's financing expertise bridges the gap between traditional project and venture financing and emerging carbon financing, to help unlock new sources of capital for clients.

In the area of program advisory, GCA assists both private and public sector entities, including multilateral development banks, with new product development, program evaluation, and institutional assessment and strengthening.

For policy advisory, a key focus for governments is to enhance international trade and investment in climate-related technologies and services. GCA understands the complex and ever-changing interface between the private and public sectors, by providing financial and risk management services, tailoring solutions to meet these needs.
